LEMUS NOVA

VELVETY SOFT TONES

Lemus Nova sets the mood and combines sound and light, so you have everything you need for those cozy moments. The soft light can be easily dimmed up and down according to your needs, while you listen to the velvety soft tones from this exclusive speaker. Sit back and listen to your favorite music with this multifunctional and portable Bluetooth speaker.

With up to 10 hours of wireless music on a single charge, you can take your music with you wherever you go. In just 3 hours,

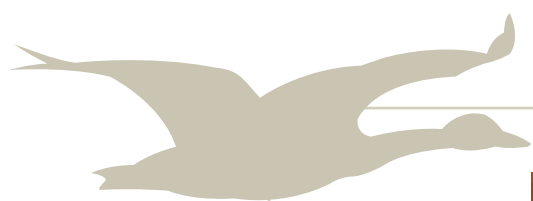

SUPERB SOUND

the Lemus Nova recharges using a universal micro USB cable connected to a compatible power source. With the built-in microphone, you can enjoy crystal clear sound when making phone calls and talking wirelessly for hours.

Lemus is passionate about creating products that give our customers ultimate portability, velvety soft tones and superb sound in an exclusive and Nordic design made with massive wood slats, soft colors and beautiful aesthetics.

With Lemus Lifestyle, you will get the perfect balance between design, technological expertise and emotional appeal.
